✓ Utility & Public Works Operator

Located in the heart of the Saskatchewan River Valley, the Town of Rosthern is a vibrant and growing community that blends small-town charm with meaningful opportunities.

We are currently seeking a dedicated and skilled individual to fill the permanent role of Utility & Public Operator, a key position in supporting the Town's infrastructure and operations.

Under the general direction of the Public Works Lead Hand, your duties are associated with transportation services, water and sewer operations, transfer station, and the municipal operations building. Your responsibilities include, not limited to:

- Operate and maintain water treatment plant, wells, lagoon, and sewage pumping stations. Perform monitoring, sampling, testing, and repairs for water and wastewater systems.
- Inspect and maintain water distribution systems, hydrants, valves, and water meters.
- Conduct general maintenance and repairs on roads, sidewalks, curbs, and municipal properties.
- Perform routine maintenance and keep records for vehicles and equipment.
- Ensure compliance with safety standards, legislation, and municipal policies.

Experience & Qualifications

- Must maintain a valid Saskatchewan Class 5 Drivers Licence
- Water Treatment & Distribution Certification Level 2
- Wastewater Collection & Treatment Certification Level 2
- Standard First Aid, CPR, AED, and WHMIS training
- Knowledge of water system maintenance (treatment plant, lift stations, lagoon, distribution system)
- Experience operating and maintaining equipment and vehicles
- Ability to operate small tools/equipment and light-duty vehicles proficiently

Attractive compensation paired with a comprehensive benefits program
