

Emily Hand – I grew up north of Laird in the Tiefengrund community and am a graduate of Rosthern Junior College. I've lived in Rosthern over half my life, working and raising a family with my high school sweetheart Terrance. We have 3 kids and bought a home in Rosthern in 2009, where I base all my business. I am a full time mother and provider from the land, growing large gardens, hunting, and gathering. Adding income by means of the sale of baked goods, and also the use of my handy skills for hire. The winter is busy for this fur trapper as well! I am a strong advocate for my own style of urban homesteading and love sharing that life, and encouraging other women in these pursuits.

I love Rosthern, it's hardly necessary to leave! A community brimming with this much opportunity needs strong voices. Singing our national anthem for the Rosthern Wheat Kings has given me a strong voice! That, paired with my wildly diverse background of skills will be a huge asset. I care about the future of our little community and want to speak for those who will see that future in Rosthern. Our young people.
