Mayor's Note

January 2025 is underway!

There's solace and energy in good memories, traditions, and patterns. Add to that curiosity, learning new things, a willingness to grow and change, and new challenges can be more confidently embraced.

One 'new' item is rooted deep in our history. At meetings or presentations, Land Acknowledgements are often given. Similarly, at the beginning of this New Year, as Mayor, along with your Council and Administration, I acknowledge:

... we are on Treaty 6 Territory and the Homeland of the Metis. We pay our respect to the First Nations and Metis ancestors of this place and re-affirm our relationship with one another. (source, U. of SK)

Land acknowledgements face the challenge of staying vital and alive in our understanding and our actions. Reconciliation and reconcili-action; what will this look like for Rosthern in 2025? I'm available for your thoughts and suggestions.

Best wishes in the New Year!
Dennis Helmuth, Mayor

Fire Safety Tips from the Fire Department

Play Safe, Snow Fort Dangers

One cubic foot of snow weighs approximately five (5) pounds. If a snow cave or snow fort is six feet under the snow, collapse could place approximately 1,000 pounds of snow on top of a child. In addition, children should never play in areas where snow removal or clearing are taking place.
